

# Exercise 6: CAM- Part 2

Prof. Dr. P. Fischer

Lehrstuhl für Schaltungstechnik und Simulation  
Uni Heidelberg

# Larger CAM

- Create a larger CAM Block with at least 2 x 2 cells
  
- Using mixed mode simulation
  - Write two different words
  - Present comparison words and check the match. Create a case with a 'hit' and a case without hit
  - Feed back the match lines to your Digital module and make a comparison of the result in your DHL code
